

Points for discussion 15:00-15:30

- How much does low-dose risk research need support for E&T?
- What are the common interests and opportunities of the EURATOM platforms with regard to E&T?
- Develop a strategy for cooperation in E&T Discuss common vision for the future management of E&T
- Development of a strategy document

Suggested resolutions:

MELODI should formally incorporate E&T:

- By including an E&T representative on the Scientific Committee
- By adopting the E&T Forum as an integral part of the MELODI Workshop
- By setting up an on-going Working Group as an E&T Steering Committee
- By advising the EC on explicit support for E&T in future Research and Training Work Programmes

- Formal relationships should be developed with other research platforms
 - European Radioecology Alliance
 - NERIS
 - SNE-TP
 - IGD-TP
- Relationships should be developed with other organisations
 - ENETRAP
 - ENEN
 - Others?
