

To:

All interested research institutions in the field of radiation protection research

INVITATION

to an

**Open Information and Networking Day of the European Radiation Protection Research
Platforms**

MELODI, EURADOS, NERIS, ALLIANCE and EURAMED

on

February 20th, 2018

in the

Federal Office for Radiation Protection, Munich, Germany

(address: Ingolstaedter Landstr. 1, 85764 Oberschleissheim, Germany)

Dear interested research institutions in the field of Radiation Protection Research ,

The European Radiation Protection Research Platforms (RPR) MELODI, EURADOS, NERIS, ALLIANCE, and EURAMED are jointly planning an open information and networking day related to the EURATOM Call NFRP-2018-8 on February 20th, 2018, in Munich.

The RPR platforms have prepared, based on a gap analysis of their joint programming and on the content and results of current EURATOM and member states co-funded projects, joint research priority recommendations for this upcoming EURATOM Research call. The event, where the results of the gap analysis will be presented, is open to all interested research parties in Europe and beyond.

On behalf of the European RPR platforms

Invitation to an open information and networking day on the gap analysis between the joint research programming and EURATOM funded projects and Proposed Research Priorities for the upcoming EURATOM Call NFRP-2018-8

20.02.2018, Munich,
12:00 – 17:00

The information and networking day aims to present to the radiation protection research community the gap analysis and research priorities recommended by the European Radiation Protection Research Platforms for the EURATOM Call NFRP-2018-8, which will be open for discussion. A draft of the EURATOM Work Programme is available in annex.
